It was said in the French announcement that the agreement was considered essential to disarmament work. TORAL, DEJECTED AWAITS HIS TRIAL IN MEXICO CITY

SLAYER OF OREGON SAYS NO PERSONS OR PRIEST PLANNED CRIME

DID IT HIMSELF WITH "RELIGION AS THE ONLY MOTIVE"

By G. F. FINE (United Press Staff Correspondent)

Mexico City, July 31.—A pale, sunken eyed young draughtsman, Jose De Leon Toral, today awaited trial in civil courts for the assassination of General Alvaro Obregon—a trial at which he will offer no defense.

"I am giving my life for his," Toral said. "Obregon's soul probably was saved because Obregon was a good man."

Toral's confession made public today said that he went to confession to Father Jose Jimenez the morning before the assassination.

"I did not mention my intention to assassinate Obregon," he said. "A confession to a priest does not consist of telling what you intend to do. No persons and no priest planned this crime other than myself. Religion was my only motive."

Police, however, continue to hold a number of Toral's relatives and 16 nuns from a nunnery presided over by Mother Superior Concepcion Acebedo De La Lila. They are seeking Father Jimenez and Manuel Trejo, the man who gave Toral the pistol with which Obregon was killed.

"I believe Obregon was the intellectual author of all of Mexico's difficulties with Calles his tool, therefore I was determined to assassinate Obregon. My intentions were good and I expected to be saved," Toral's confession said.

It has not been determined yet when Toral, or any of the others now held, will be tried for the Obregon assassination.

'GOVERNOR SMITH IS ENTITLED TO FAIR TREATMENT,' SAYS EDITOR

WILL NOT WITHDRAW STATEMENT AS TO SMITH STAND ON SALOON

By THOMAS L. STOKES (United Press Staff Correspondent)

New York, July 31.—William Allen White, republican editor of Emporia, Kas., today withdrew his charges against the legislative record of Governor Alfred E. Smith "in so far as they affect his votes on gambling and prostitution, but not his position as to the saloon."

"Governor Smith certainly is entitled to fair treatment," White said. "I always have tried to fight fair."

The Kansas editor's statement follows:

"Yesterday I talked to Walter Lippmann of the World, a friend of Governor Smith and of mine for many years. I can understand after considering what Mr. Lippmann said that the governor in casting those votes against those reform bills might honestly have felt that the bills were unconstitutional or were not enforceable or infringed upon personal liberty or encouraged police blackmail."

"I desire to withdraw the charges formally insofar as they affect his votes on gambling and prostitution, but not his position as to the saloon."

"On the question of the menace of Tammany and of Governor Smith's Tammany record for the open saloon, the whole issue of the campaign is coming."

"I hope now American newspapers and particularly republican newspapers will give the same consideration to this statement that they gave my statement yesterday."

White in his attack last night cited Smith's votes as a young assemblyman at Albany a score of years ago in an effort to prove his charge that the present governor then was subservient to Tammany in protecting the saloon, the prostitute and the gambler.

GOULD SAID TO HAVE FOUND DISFAVOR WITH GOVERNOR IN ECONOMY PROGRAM

NEW COMMISSIONER SAYS TODAY IS THE TIME FOR RESTORATION

St. Paul, July 31.—(UP)—George W. McCullough, Minneapolis, today was appointed state game and fish commissioner by Governor Christianson. The appointment is effective tomorrow.

McCullough succeeds J. F. Gould, whose term expired a year and a half ago, but who has been serving in the office pending appointment of a successor.

The appointment came today following conferences between Governor Christianson, McCullough and Gould and follows a series of rumors that the Minneapolis man was slated to relieve Gould.

Gould was said to have found disfavor with the governor when he ran counter to Christianson's economy program.

The new commissioner said that his work in office would not be so much toward conservation as toward restoration.

"The time for conservation is past," he said. "Today is the time for restoration."

"I shall not deviate greatly from the present policy and shall follow those outlined by the governor, especially in regard to the Superior National Forest."

Gould refused to make a statement today but said he might be prepared to make an announcement Wednesday. The former commissioner plans to remain in office for a month while McCullough familiarizes himself with affairs of the department.

Gould was first appointed by Governor Preus and was reappointed once by Governor Christianson. The governor, however, did not reappoint the commissioner when his term expired a year and a half ago.

McCullough who is 43 years old, a restaurant man and a member of the game conservation council, said among the things he will promote while in office will be an increase in the number of state game refuges and an increase in the number of state game farms.

State game hunting grounds, such as are found in Pennsylvania, will also receive consideration by the new commissioner.

A new plan for redistricting the state in the placement of game wardens is also contemplated by McCullough.

The appointment came today following conferences between Governor Christianson, McCullough and Gould and follows a series of rumors that the Minneapolis man was slated to relieve Gould.

Gould was said to have found disfavor with the governor when he ran counter to Christianson's economy program.

The new commissioner said that his work in office would not be so much toward conservation as toward restoration.

"The time for conservation is past," he said. "Today is the time for restoration."

"I shall not deviate greatly from the present policy and shall follow those outlined by the governor, especially in regard to the Superior National Forest."

Gould refused to make a statement today but said he might be prepared to make an announcement Wednesday. The former commissioner plans to remain in office for a month while McCullough familiarizes himself with affairs of the department.

Gould was first appointed by Governor Preus and was reappointed once by Governor Christianson. The governor, however, did not reappoint the commissioner when his term expired a year and a half ago.

McCullough who is 43 years old, a restaurant man and a member of the game conservation council, said among the things he will promote while in office will be an increase in the number of state game refuges and an increase in the number of state game farms.

State game hunting grounds, such as are found in Pennsylvania, will also receive consideration by the new commissioner.

A new plan for redistricting the state in the placement of game wardens is also contemplated by McCullough.

MINNESOTA'S TIMBER TO LAST LONG TIME

St. Paul, July 31.—(UP)—Minnesota's timber will last indefinitely at the present rate of cutting, Ray P. Chase, state auditor, declared today in answer to a question asked by the state reforestation commission.

Chase said that each year is now bringing new stands of timber to maturity making possible the second and a continuous cut if the present method of selective cutting is continued.

The state's chief problem, Chase said, is to afford adequate fire protection to the young timber rather than to reduce the present rate of cutting.

The architects were instructed to proceed with the drawings for the building and mechanical equipment with all speed and to submit the plans for the building at the earliest possible time. It is expected that the board will be in the position to call for bids for the construction of the new school in October.

General plans for the building call for a school with 33 rooms, two gymnasiums, one for the boys and one for the girls, and an auditorium to seat 1,035 people.

The gymnasiums will be separated by a portable partition which can be removed to make larger playing quarters and larger seating capacity for scheduled games.

The double gymnasium will have a bleacher seating capacity of 1,500 people. For large community gatherings chairs may be placed on the floor. The seating capacity in this instance will be 3,000.

The gymnasium and auditorium will be separated by a solid brick wall.

The new school will have 18 class rooms with the remaining rooms to accommodate special departments and offices. The school will be constructed to take care of 1,000 pupils.

The building will be constructed of brick. It will face Oak street and will cover practically an entire block. The building will start 60 feet from the Oak street sidewalk, running south to the sidewalk at Pine street. Thirty-nine feet will separate the building from the east and west of the sidewalk lines on 8th and 9th streets.

HIGH SCHOOLS OF UNITED STATES CRITICIZED

THE high schools of the United were recently severely criticized by Dr. L. Thomas Hopkins, professor of education at the University of Colorado. The educator maintains that the courses of the high schools are ruled by colleges instead of life needs, that they cater to the few by preparing them for colleges and do not prepare the many for the demands of life. He declared that the subjects offered, the methods of teaching should be adapted to the needs of the 92 per cent of pupils who do not go to college, instead of the eight per cent who now attend institutions of higher learning.

As quoted in the Associated Press report, "the typical high school," he said, "has 100 pupils and four teachers. Its program of studies consists almost entirely of the academic subjects of English, foreign language, mathematics, history and natural science. The content of each of these is organized exclusively for college preparation."

"The reason for such a condition may be seen in college entrance requirements, which practically compel small schools to teach only academic subjects; state laws and regulations which demand academic subjects for high school graduation; high school principals who are too conservative and too loyal to traditions to make any changes; parents of the favored few, who want their children to go to college and who influence local school authorities, and pupils themselves, three-fourths of whom elect 75 per cent of their high school units from the academic fields, in order to keep open the avenue of higher education should they wish to use it in the future."

Dr. Hopkins advocates keeping present academic subjects, but would make changes in their content so as to make it of greater value. He would "add more non-academic subjects so as to meet the needs of pupils with different interests and abilities; introduce more extra-curricular activities of the semi-intellectual rather than the athletic type; employ more professionally trained high school teachers, who are open-minded enough to view the present situation unhampered by tradition, and obtain a new attitude toward the problems of secondary education on the part of the officials of higher institutions."

"If the American secondary school can not organize its work in terms of the welfare of the majority of its pupils, then the question of supporting it by tuition rather than public moneys is pertinent," he concludes.

BUSINESS DURING THE TOURIST SEASON

BUSINESS in Brainerd is generally at its best during the tourist season. Merchants cater to the trade and do their best to serve the tourists properly and well.

It means something to establish and maintain trade supremacy in the tourist field. Many of these tourists travel in groups like caribou of the north. If not well treated, the word is flashed around and they pass by a community.

Last summer President Coolidge was established at Rapid City, South Dakota. A wave of tourists inundated the Dakotas and Brainerd felt it.

How necessary it is for us to continue doing business at stated hours. Where a town is known to close business houses at 6 p. m. regularly on week days and at 8 p. m. Saturdays and paydays, that fact sinks into the minds of tourists and they make their buying schedules conform to it.

We think it is not proper to arbitrarily change a closing hour for some local purpose and thus throw a tourist buying group off its schedule. A tourist coming to Brainerd and finding stores closed at 5:30 p. m., packs up and trades elsewhere and we may lose him permanently.

Let us religiously observe our regular closing hours which tourists know. There are too many towns about us anxious to cater to a disgruntled tourist, and wean him away from our trade territory.

BASEBALL LUCK

BRAINERD deserved to win that game at the Head of the Lakes. The Brainerd-Rice Lake game was the best of the series and received most favorable comments from Duluth and Superior papers.

Although the players have returned to Brainerd and the game is history, Bob Block was recalled to take the place of George Thompson, who is chief of the State Umpires Association. Block is also a member of the umpires association and handled the indicator in the closing games.

Here's the kind of luck Brainerd faced in the sixth inning when the locals registered three hits, a double and two singles, and a walk, and could not score. Collins, first man up, doubled and Caron singled. Collins was caught at the plate. Olson singled and Caron was struck by the batted ball. Nutting walked and Udenberg went out on a pop fly.

That kind of luck is enough to make a Brainerd fan grind his teeth.

STATE HORTICULTURAL SOCIETY

THE Minnesota State Horticultural society is to have its regular summer meeting and tour at Duluth, in the Arrowhead Country, August 7 and 8. This is the first time the society has scheduled a meeting in the Arrowhead district. The tour starts from the Court House, Duluth, at 7:30 a. m. August 7.

Various vegetable gardens, greenhouses, and home gardens will be visited and a special meeting will be held at the Northeast Experiment Station, of which Mark J. Thompson is superintendent, and the tour will end at Cloquet Wednesday afternoon. At Cloquet the members will see some interesting forestry work carried on by the University and if time permits some of the wood working plants at Cloquet. On Tuesday evening there will be a dinner and meeting.

All persons interested in horticultural work are invited to join.

THIEF RIVER FALLS business and professional men started out in 20 cars and visited 18 neighboring towns in their trade territory. Programs of from 15 minutes to a half hour were given in each community visited. A battery of speakers told about Thief River Falls. Brainerd can afford to duplicate this.

ONE Andrew Nelson of Duluth has announced that he expects to carry Minnesota for Smith in November. Since when has any man carried the vote of the state in such superhuman manner? Some people do not even know the gentleman.

MEN, BEWARE!

Miss Edythe Neumann won the roller-pin throwing contest at a Chicago athletic meet by knocking the straw hat off of a bolster five out of nine times at a distance of fifty-five feet. Miss Neumann does not commit herself on the question of matrimony.

They belonged to Lieut. Commander William Heard of the United States navy, who had already left for a submarine base in the Panama Zone.

Love's Ecstasy

by May Christie

WHAT HAS HAPPENED SO FAR.

ALEDA RAY, pretty country girl, and Gary Chester, young engineer, are in love. Alela, working as a stenographer in New York, is living with Marise de Rense, whose young, sophisticated sister, Goldie, and Clive Mortimer, ne'er-do-well Englishman, are engaged in a blackmailing game. They receive a "commission" to arrange a party for Smithson, wealthy rounder. Alela and Gary return at midnight from a drive into the country. Goldie, jealous of Gary's love for Alela, tricks Alela into attending Smithson's party and then sends a note to Gary asking him to meet Alela there.

NOW GO ON WITH THE STORY.

Chapter XXXV.

AT half past eleven at night Goldie de Rense, accompanied by three giggling, highly decorated beauties whose general get-up was really startling, pushed Alela into a taxi-cab. "Come on! Don't be a spoilsport!"

"Don't throw a monkey-wrench into the works!"

"This way for little Smithson's show!"

Smithson! As the taxi ricocheted and bounced on its way towards "the party," Alela whispered to Goldie apprehensively: "Surely it isn't the same Mr. Smithson who tried to tip me five dollars at the Harvest Moon Club?"

"Aw, what of it? You forget it, kid! You're out for a good time!"

Before Alela's eyes arose a vision of the rotund, middle-aged, bald-headed man who (to her mind) had so insulted her by offering money for her services as dance-partner!

It couldn't be the same. This man was married. Had a lot of children. Lived in the country, up Westchester way! She felt nervous about this party. Like a fish out of water—that would be her role!

But with the memory of Gary Chester's parting words and look and handclasp—how she had thrilled to the enchanting hours she'd spent with him this evening!—nothing could really cast her down tonight, happen what may.

She was barely conscious of the Broadway beauties' chatter. Alela forgot the party. She was wrapped in a high and happy mood.

They reached their destination. The giggling girls poured out of the taxi, crossed the foyer of the

apartment building, got into the elevator and were shot up to the roof.

A negro butler awaited their arrival. An inscrutable expression on his face, he took their wraps.

Loud salutations came from a long and low-ceilinged living-room. Mr. Smithson—the very man, whom Alela had so disliked at their previous meeting—darted forward, and with a girl on either arm, and shooting the others in front of him, presented each, in turn, to his out-of-town customers.

There was crackling gaiety—tremendous joviality. Goldie, in his own fettle, executed a few dance steps. She cried: "Meet the shepherdess and her sheep!"

"Bal! Bal!" bleated Mr. Smithson, waving pudgy arms.

"The lambs to the slaughter!" chorled a "butter and egg" man. "Ha! Ha! Ha!"

"I'm the wolf in the fold! Watch out!" exclaimed another, delighted with his own witticism, and baring a vista of gold-filled teeth. He made a playful grab at Goldie, who eluded him. It was evident he had already "looked upon the wine when it was red."

"A cocktail—quick—to save me!" plaintively wailed a tow-headed maid.

"The lady's slightest wish is granted!" chanted little Smithson, waving on high a shaker, then pouring potions into glasses on which were painted a rampant bird. "Come on, everybody! This'll put a kick into proceedings."

One of his friends came forward towards Alela, holding the tray. "No, thanks!" She shook her head.

At the same moment came a sharp pinch on the arm from

Goldie. "Don't be a little prude and a spoilsport!"

She flushed. With a determined jerk that spilled some of the mixture on Alela's frock, Goldie handed the brimming glass to her. "You drink—quick—or I'll make a fool of you in front of the whole crowd!"

A palm grew in a tub immediately behind Alela. She took the glass with shaking fingers, and a few seconds later, when attention was diverted from her, she emptied its contents at the base of the plant.

Goldie came up—saw the flushed face—the empty cup—and murmured, in a mollified tone: "Atta girl!"

Alela moved off from her, to an open window giving on the roof. She wanted air—a long, deep breath.

There was a second round of cocktails. This time Alela was left unmolested. Then the negro butler, in a sonorous voice, announced: "Super is served."

At the same moment he drew back a heavy curtain that revealed a brick-floored platform or dais from the living-room.

There were ecstatic "Ah's!" and "Oh's!" from the female element, as a candle-lighted and beautifully decorated table, laden with all sorts of viands, was revealed.

In each girl's place reposed a lovely spray of delicate white orchids, tied with satin ribbon. There was a magnificent centerpiece of American beauties, and trails of smilax ran the length of the table and criss-crossed, revealing here and there a deep red rose.

Metal-banded tubs of ice from which projected long-necked bottles carrying gold labels stood upon a little wagon. Mr. Smithson conducted his guests to the feast, took the head of the table, and, as he termed it, "the fun was on!"

It wasn't fun to poor Alela. She felt very ill at ease, and—somehow—afraid.

She felt still more apprehensive when, lifting her napkin to the tune of excited feminine exclamations and shouts of appreciation, she discovered—as did each girl at the party—a small vanity case containing a fifty-dollar note!

"I wish I'd known"

There's always a new experience ahead—something you haven't done before and which calls for a decision.

You become engaged—and immediately you are called upon to decide on the purchase of many, many things you never bought before.

You marry—and furniture, draperies, silverware; china, talking machines, oil-burners, gas-stoves, automobiles claim your dollars and call for your choice.

A baby comes—and again you face a new experience in purchasing clothes and powders and blankets; in buying a crib, baby-carriage, foods, toys.

Next—what school? For the years pass incredibly fast. Once more, a new decision.

Every room in your house requires a choice. Every meal served in your dining-room results from your having decided on what to serve. Every day confronts you with a multitude of possibilities from which you must select those which make life happier and better, and make the dollars go farther.

How on earth are you going to make those decisions? How can you know what you want and what you don't want? How can you buy to such advantage that you'll seldom, if ever, have occasion to use that futile phrase, "I wish I'd bought something else"?

HIGH SCHOOLS OF UNITED STATES CRITICIZED

THE high schools of the United were recently severely criticized by Dr. L. Thomas Hopkins, professor of education at the University of Colorado. The educator maintains that the courses of the high schools are ruled by colleges instead of life needs, that they cater to the few by preparing them for colleges and do not prepare the many for the demands of life. He declared that the subjects offered, the methods of teaching should be adapted to the needs of the 92 per cent of pupils who do not go to college, instead of the eight per cent who now attend institutions of higher learning.

As quoted in the Associated Press report, "the typical high school," he said, "has 100 pupils and four teachers. Its program of studies consists almost entirely of the academic subjects of English, foreign language, mathematics, history and natural science. The content of each of these is organized exclusively for college preparation."

"The reason for such a condition may be seen in college entrance requirements, which practically compel small schools to teach only academic subjects; state laws and regulations which demand academic subjects for high school graduation; high school principals who are too conservative and too loyal to traditions to make any changes; parents of the favored few, who want their children to go to college and who influence local school authorities, and pupils themselves, three-fourths of whom elect 75 per cent of their high school units from the academic fields, in order to keep open the avenue of higher education should they wish to use it in the future."

Dr. Hopkins advocates keeping present academic subjects, but would make changes in their content so as to make it of greater value. He would "add more non-academic subjects so as to meet the needs of pupils with different interests and abilities; introduce more extra-curricular activities of the semi-intellectual rather than the athletic type; employ more professionally trained high school teachers, who are open-minded enough to view the present situation unhampered by tradition, and obtain a new attitude toward the problems of secondary education on the part of the officials of higher institutions."

"If the American secondary school can not organize its work in terms of the welfare of the majority of its pupils, then the question of supporting it by tuition rather than public moneys is pertinent," he concludes.

BUSINESS DURING THE TOURIST SEASON

BUSINESS in Brainerd is generally at its best during the tourist season. Merchants cater to the trade and do their best to serve the tourists properly and well.

It means something to establish and maintain trade supremacy in the tourist field. Many of these tourists travel in groups like caribou of the north. If not well treated, the word is flashed around and they pass by a community.

Last summer President Coolidge was established at Rapid City, South Dakota. A wave of tourists inundated the Dakotas and Brainerd felt it.

How necessary it is for us to continue doing business at stated hours. Where a town is known to close business houses at 6 p. m. regularly on week days and at 8 p. m. Saturdays and paydays, that fact sinks into the minds of tourists and they make their buying schedules conform to it.

We think it is not proper to arbitrarily change a closing hour for some local purpose and thus throw a tourist buying group off its schedule. A tourist coming to Brainerd and finding stores closed at 5:30 p. m., packs up and trades elsewhere and we may lose him permanently.

Let us religiously observe our regular closing hours which tourists know. There are too many towns about us anxious to cater to a disgruntled tourist, and wean him away from our trade territory.

BASEBALL LUCK

BRAINERD deserved to win that game at the Head of the Lakes. The Brainerd-Rice Lake game was the best of the series and received most favorable comments from Duluth and Superior papers.

Although the players have returned to Brainerd and the game is history, Bob Block was recalled to take the place of George Thompson, who is chief of the State Umpires Association. Block is also a member of the umpires association and handled the indicator in the closing games.

Here's the kind of luck Brainerd faced in the sixth inning when the locals registered three hits, a double and two singles, and a walk, and could not score. Collins, first man up, doubled and Caron singled. Collins was caught at the plate. Olson singled and Caron was struck by the batted ball. Nutting walked and Udenberg went out on a pop fly.

That kind of luck is enough to make a Brainerd fan grind his teeth.

STATE HORTICULTURAL SOCIETY

THE Minnesota State Horticultural society is to have its regular summer meeting and tour at Duluth, in the Arrowhead Country, August 7 and 8. This is the first time the society has scheduled a meeting in the Arrowhead district. The tour starts from the Court House, Duluth, at 7:30 a. m. August 7.

Various vegetable gardens, greenhouses, and home gardens will be visited and a special meeting will be held at the Northeast Experiment Station, of which Mark J. Thompson is superintendent, and the tour will end at Cloquet Wednesday afternoon. At Cloquet the members will see some interesting forestry work carried on by the University and if time permits some of the wood working plants at Cloquet. On Tuesday evening there will be a dinner and meeting.

All persons interested in horticultural work are invited to join.

THIEF RIVER FALLS business and professional men started out in 20 cars and visited 18 neighboring towns in their trade territory. Programs of from 15 minutes to a half hour were given in each community visited. A battery of speakers told about Thief River Falls. Brainerd can afford to duplicate this.

ONE Andrew Nelson of Duluth has announced that he expects to carry Minnesota for Smith in November. Since when has any man carried the vote of the state in such superhuman manner? Some people do not even know the gentleman.

MEN, BEWARE!

Miss Edythe Neumann won the roller-pin throwing contest at a Chicago athletic meet by knocking the straw hat off of a bolster five out of nine times at a distance of fifty-five feet. Miss Neumann does not commit herself on the question of matrimony.

FINDS \$25,000 GEMS

Carter Cronstad, Chicago cab driver, who found a leather case containing \$25,000 worth of jewels in his running board, guarded them with a pistol all night and returned them to the station the next day. They belonged to Lieut. Commander William Heard of the United States navy, who had already left for a submarine base in the Panama Zone.

ST. LOUIS CARDINALS SCOUT LOOKS OVER PROSPECTS HERE

JACK RYAN SEES KENNETH OLSEN IN MOUND TRYOUT

CHIEF SCOUT PICKS GOULETTE. LOCAL IMPORTED HEAVY, FOR BIG LEAGUE RANK

BIG CHANCE COMES TO TWO HEAVYWEIGHTS FOLLOWING APPEARANCE AT SUPERIOR

Robert Block, manager of the Brainerd Baseball Club, announced today that he had secured his old friend, Jack Ryan, chief scout of the St. Louis Cardinals of the National League, to come to Brainerd today to look over Kenneth Olsen, local moundster and prospect, for the St. Louis team.

Ryan arrived this afternoon from Superior, Wis., where he saw George Goulette, Brainerd imported heavy, in action in the Head of the Lakes tournament. So impressed was Ryan with Goulette's ability that the scout signed him up for the remainder of the season with the Cards. Goulette will leave today for St. Louis, where he will join the team.

Olsen will receive his tryout before Ryan this afternoon. The local pitcher has a fine record behind him. He was credited with 14 strikeouts against the House of David team here

EXAMPLE OF ADAGE YOUTH MUST BE SERVED

FRENCHMAN RISES TO SUPER-HUMAN TENNIS TWICE A YEAR

LIKELY THAT TILDEN WILL RETIRE FROM INTERNATIONAL COMPETITION

By HARRY FERGUSON
(United Press Staff Correspondent)

William T. Tilden stands at the end of a long and brilliant tennis career today, another example of the truth of the old adage that youth must be served.

Age has defeated Tilden where the best tennis players in the world have failed. Yesterday he went down in straight sets before Henri Cochet, an erratic player who rises to super-human tennis about twice a year.

No one, not even Tilden himself, knows what will happen to Big Bill now. It is likely that he will retire from international competition. Tilden is not likely to turn professional. He has had two chances and

rejected them both at a time when his earning power was much higher than it is now. The first chance came when C. C. Pyle waved his money bags in the face of the world's best players, offering them fabulous sums to turn professional.

His second chance was an offer from an exclusive Philadelphia club to become tennis instructor at a salary of \$15,000 a year. Tilden declined, and laughed when they offered to make the salary \$30,000. He is an amateur at heart.

Back of his desire to retain his amateur status is his love for the roar of the crowd. That is what makes him shock staid Wimbledon by taking off his shoes and playing bare-footed on the grass courts; it is what makes him net a ball deliberately when he believes the umpire has unjustly deprived his opponent of a point.

Despite the years he has devoted to the advancement of amateur tennis in America, Tilden has found time to accumulate a comfortable fortune in various business enterprises. He has sufficient money to devote the rest of his life to tennis, which is his first and only love.

Roland Garros Stadium, Paris, July 31.—France successfully defended the Davis cup against the United States yesterday when Henri Cochet, fiery little Frenchman, defeated William T. Tilden in the opening singles match, 9-7, 8-6, 6-4. The victory gave France three matches out of the first four and insured French retention of the cup regardless of the outcome of the final singles match between Rene LaCoste and John Hennessey, youthful westerner.

Cochet almost alone turned back the gallant efforts of the Americans to regain the historic trophy, winning two singles matches and playing a major role in the doubles triumph.

When LaCoste fell before the mag-

nificent play of Tilden in the first singles match Friday, gloom spread over the Frenchmen. Then Cochet evened the score by defeating Hennessey in the second singles match. Sunday France went into the lead, two matches to one, when Cochet's brilliant individual play enabled the French doubles team to defeat Tilden and Francis T. Hunter.

Yesterday's Hero—Mickey Cochrane, whose single scored Bishop in the ninth inning, enabling the Philadelphia Athletics to defeat the St. Louis Browns 5 to 4.

The Cleveland Indians proved that their win over the New York Yankees Sunday was no accident by downing the leaders 4 to 2. George Pipgras was again the starting pitcher for New York, the tribe finding him for ten safeties. Walter Miller allowed eleven scattered hits including a homer by Babe Ruth, his 41st of the season.

Sam Gray opposed his former teammates, the Athletics, on the mound for the St. Louis Browns. Gray was in great form allowing Philadelphia nine hits, while Rommel and Walberg were touched for fifteen, but lost a heart-breaker 5 to 4. Al Simmons hit safely three times out of four tries at bat.

The Pittsburgh Pirates took both ends of a double-header from the Braves, winning the first 2 to 1 and the second 6 to 5.

The New York Giants made it three out of four when they defeated the Chicago Cubs 4 to 1, and advanced to third place, showing the Cubs into fourth place, Cuyler's homer saving the Cubs a shutout.

Jess Petty had the better of Eppa Rixey in a pitchers' duel, the Brooklyn Robins defeating the Reds 2 to 1. Each hurler allowed eight hits.

It required 16 innings, four hours and five minutes for the Phillies to defeat the St. Louis Cardinals 8 to 7. Thirty-five players took part in the contest. Nine pitchers were used by the two teams.

Rice's home run in the ninth inning broke up a pitching duel between big Ed Morris and Ken Holloway to give Detroit a 2 to 1 victory over Boston.

Alphonse Thomas had a great day, blanking the Senators 6 to 0. Hunnefeld hit a home run with two men on in the fifth.

Will He Prove Invincible?

By QUIN HALL
WITH his heart set on winning both the 800 and 1,500 meter races during the coming week at Amsterdam, Lloyd Hahn, the Nebraska flyer, seems to have some real chores mapped out for himself. But don't get the idea that this program which the racer has set for himself is beyond realization—quite the contrary.

Hahn, one of America's brightest track stars, is a capable young man when it comes to picking up his feet and putting them down again and in his try-outs before leaving these shores he demonstrated in no uncertain terms that he is not "shooting over his head" when he expresses the hope of capturing two such important events against the best competition which can be gathered from the four corners of the world.

The Nebraskan wants to finish off his athletic career in a burst of glory and he's already made the statement that—win or lose—he will retire from active competition upon his return from abroad. Lloyd has made farewell gestures

before but his latest sounds positive to the last degree.

While making his farewell plans he has not definitely stated what he intends doing when he quits the track but in all probability he will devote his time and efforts to a large farm owned by his parents and located near Falls City, Neb.

Hahn, one of the greatest runners of all time, admits that he likes the thrills and the contacts that come from track competition but at the same time he realizes that he must retire and settle down some time soon and figures that immediately following the running of the events at Amsterdam is the logical time for him to drop out of public view.

The Boston A. A. star broke the world's record for the 800 meter event at the Olympic trials at Cambridge early this month by a fifth of a second, turning in a mark of 1 minute 51 2-5 seconds for the distance.

If the fleet-footed one can repeat this performance at Amsterdam during the coming week he will undoubtedly win the blue ribbon for Uncle Sam despite the fact that he will have some mighty keen foreign competition.

While Hahn did not compete in the 1500-meter run during the trials at Cambridge, the final of which was won by Ray Conger of the Illinois A. C., when he established a new American record for the distance with a mark of 3:55. Lloyd's past performance over the route gave him a rating which assured him booking and places him in a position where he has an excellent chance to show his heels to the rest of the entries in Holland.

Hahn is one of the six U. S. Olympic entries who will appear in more than one event, the other five being Wykoff, Russell and Bracey for the 100-meter dash and the 400-meter relay; Ray for 10,000-meters and the marathon, and McGinnis for the high jump and pole vault.

While Hahn lacks the color of runners of the Jole Ray type, the Nebraskan has been a consistent winner as a middle distance runner over a period of years and the athletic fans who will be watching the results at Amsterdam are pulling for Lloyd to make good in his hopes and score that double win which he has set his heart on before he finally retires from the cinder paths and the wooden tracks of the indoor arenas.

MAY FLY TO NEW FISHING GROUNDS

Miss Helen Archer Invited to be One of Party Flying to Canadian Wilds

VISIT LAKE OF THE WOODS

Five Passenger Monoplane to Leave Minneapolis, Four Ladies and Pilot in Party

To be one of a party of four ladies flying to Canadian wilds and fishing for muskies is the experience vouchsafed Miss Helen Archer, of Archers Cafe, who is considering the invitation extended her.

It will be a most thrilling experience, a fishing trip via air route. C. H. Shaver, pilot, says the flight will consume about three hours and 45 minutes and cover approximately 400 air miles each way.

In his letter, Mr. Shaver writes: "We will use a five passenger monoplane, cabin machine. This means four passengers besides the pilot, therefore yourself, one, two or three other ladies would be fine. The camp facilities are, I am sure you will find, entirely satisfactory for ladies."

MAY FLY TO NEW FISHING GROUNDS

Miss Helen Archer Invited to be One of Party Flying to Canadian Wilds

VISIT LAKE OF THE WOODS

Five Passenger Monoplane to Leave Minneapolis, Four Ladies and Pilot in Party

To be one of a party of four ladies flying to Canadian wilds and fishing for muskies is the experience vouchsafed Miss Helen Archer, of Archers Cafe, who is considering the invitation extended her.

It will be a most thrilling experience, a fishing trip via air route. C. H. Shaver, pilot, says the flight will consume about three hours and 45 minutes and cover approximately 400 air miles each way.

In his letter, Mr. Shaver writes: "We will use a five passenger monoplane, cabin machine. This means four passengers besides the pilot, therefore yourself, one, two or three other ladies would be fine. The camp facilities are, I am sure you will find, entirely satisfactory for ladies."

YOUTH CONFESSES AUTOMOBILE THEFT

Frederick Ledoux Arrested in Connection With Theft of Ford Touring

TOOK CAR TO DANCE

Returned Car in Damaged Condition Following Accident in Brainerd

Frederick Ledoux, of Long Lake township, has made a signed confession to City Attorney D. H. Fullerton and Chief of Police Thomas J. Templeton that he stole the Ford touring car owned by Frank Norton Friday night and recovered Saturday afternoon in a damaged condition.

Ledoux who is 18 years old has been committed to the training school at Red Wing from juvenile court four times in the past six years, was turned over to Sheriff Claus Theorin by Chief Templeton this morning. Sheriff Theorin announced this morning that it was likely that Ledoux would be arraigned in municipal court before Judge J. H. Warner tomorrow morning. The youth is expected to waive hearing in municipal court and will be bound over to district court where he will petition the court for an early arraignment in district court when he will enter his plea.

The youth was arrested by Chief Templeton yesterday afternoon at Lum Park where he was working for C. Steffes, marathon dance promoter. The confession includes the following relative directly to the theft and circumstances:

"About 9 p. m. Friday, July 27, I took a Ford touring car which was standing on the street in front of the Citizens State bank building. I was alone at the time I took this car, the car being unlocked and the key in the switch. I drove the same out East Oak street and at the corner of Oak street and 13th street as I was making the turn south on Oak street, I was driven into by one operating a Whippet coupe and the right rear wheel of the Ford touring car was damaged and four spokes broken, the hub cap smashed. I continued down 13th street and arrived at Veillette's dance hall in St. Mathias township. I stayed at the dance until 11:45 p. m. when I drove the Ford touring car to the home of my parents in Long Lake township where I remained until about 6 a. m. July 28 when I drove the Ford touring car into Brainerd and left it on Ninth street between Kingwood and Main streets at about 7 a. m., leaving the key of the car in the switch and removing nothing from the car."

CLAIMS NEBRASKA FOR HOOVER

Former Congressman C. F. Reavis of Lincoln, Nebraska in Interview

TWO DOMINANT ISSUES

Prohibition and Tammany Are Subjects Which Will Decide Fate of Ticket

Former Congressman C. F. Reavis, republican, of the First Nebraska District, Lincoln, Nebraska, accompanied by C. A. Lord, of Lincoln, democratic delegate to Houston, are fishing in the Brainerd lake region. Between casts on Big Pelican Lake near Breezy Point Mr. Reavis said: "There is no question but that Hoover will carry Nebraska by an unprecedented majority," said Mr. Reavis. "The so-called farm relief issue and alleged farm revolt is not taken seriously in my state at all. It is purely artificial and is the creation of politicians who are attempting to make it an issue for their own purposes."

"The farmers in Nebraska are not interested in the McNary-Haugen bill. The dominant issue in my state will be prohibition and Tammany and upon this issue Hoover will carry Nebraska," he asserted.

Reavis is a lawyer and served in the house from 1914 until he resigned in 1922. He has traveled through his state and has paid particular attention to the issues and talked with hundreds of farmers and found them perfectly indifferent to the so-called farm issue.

Geo. Bancroft and Evelyn Brent Here in "The Drag Net"

Now George Bancroft comes along with "The Drag Net." Here is as tense and vital a melodrama as has ever been put on the screen. It opened last night at the Lyceum and will be shown again tonight.

The story hinges on the underworld theme but this time it attacks the problem from the standpoint of the men who risk their lives every day to preserve society. Bancroft takes the part of a hard, fearless detective lieutenant who walks into

danger with a laugh. "Shoot first and aim straight," is his motto.

Facts on "Two Arabian Knights" William Boyd, Mary Astor and Louis Wolheim are the featured players in "Two Arabian Knights," opening at the Lyceum tomorrow, Wednesday.

The film is a comedy of two American doughboys after the war, a private and his top sergeant. They ultimately arrive in Arabia, and there takes place a series of comic adventures surrounding the private's courtship with an Emir's daughter.

Geo. Bancroft and Evelyn Brent Here in "The Drag Net"

Now George Bancroft comes along with "The Drag Net." Here is as tense and vital a melodrama as has ever been put on the screen. It opened last night at the Lyceum and will be shown again tonight.

The story hinges on the underworld theme but this time it attacks the problem from the standpoint of the men who risk their lives every day to preserve society. Bancroft takes the part of a hard, fearless detective lieutenant who walks into

danger with a laugh. "Shoot first and aim straight," is his motto.

Facts on "Two Arabian Knights" William Boyd, Mary Astor and Louis Wolheim are the featured players in "Two Arabian Knights," opening at the Lyceum tomorrow, Wednesday.

The film is a comedy of two American doughboys after the war, a private and his top sergeant. They ultimately arrive in Arabia, and there takes place a series of comic adventures surrounding the private's courtship with an Emir's daughter.

GOVERNOR AL SMITH WINDS UP VACATION

Hampton Bays, L. I., July 31.—(UP)—Governor Alfred E. Smith was winding up his vacation today preparatory to the opening of his democratic campaign for the presidency.

Swimming and golf will keep him busy until tomorrow when he will start back to New York for conferences with party leaders before returning to Albany to complete his notification speech.

Although Smith declines to discuss politics while on his vacation, his friends say he is waiting to see what kind of ammunition the opposition has before opening his counter-barrage. He is sizing up the attacks made on his legislative record by William Allen White of Kansas and may reply to them upon his return to New York.

FEDERAL SOLDIERS IN 'BLOODY FIGHT'

TUNNEY TO RETIRE FROM PRIZE RING

ANNOUNCES HE HAS FOUGHT
LAST FIGHT ON LAST
THURSDAY

WITH REGRET THAT HE SAYS HE
WILL PERMANENTLY
RETIRE

By GEORGE KIRKSEY
(United Press Staff Correspondent)

New York, July 31.—Gene Tunney announced today that he had decided to retire from the prize ring.

The heavyweight champion said at a luncheon which he gave to Tex Rickard, promoter, William Muldoon of the state athletic commission, and correspondents who covered his training camp at Speculator, N. Y., that he fought his last fight last Thursday night when he scored a technical knockout over Tom Heney.

Tunney's retirement has been rumored ever since the Heney fight. It waited only the champion's official confirmation. That was withheld pending disposition of Tunney's contract with Rickard which required that he fight again this year.

"I have fought my last bout as a professional boxer," Tunney said.

"It is naturally with certain regret that I announce my permanent retirement from the boxing ring. No man realizes more than I do my debt to the game. It has treated me well. To it I owe such fame and fortune as I possess and it has given me something less ephemeral than fame—many real and warm friendships which I hope and expect to keep through all the years to come.

"I shall always take a live and active interest in boxing. There is no finer physical exercise or more engrossing science. It is a game which, properly conducted, teaches and develops such qualities as stamina, confidence, patience, self-denial, bodily fitness, mental alertness and courage.

"The time has come when professional boxing can offer me nothing further than I desire. I am putting it behind me, grateful for the benefits conferred, but with the feeling that I am still young enough to make a new start in other fields.

"There is no contender at the present time to appear capable of attracting real public interest. If there was, I might delay my retirement long enough to face him in the ring. But it looks as if it might be two or three years before a dangerous opponent is developed. That is too long to stand and wait.

"I have no thought of trying to nominate my successor. To the victor belong the spoils. I merely step aside and say: 'May the best man win.'"

New York, July 31.—Gene Tunney vacated the world heavyweight championship today and turned it over to Tex Rickard to be contested for by the leading boxers of the day. In announcing his retirement at a luncheon he gave in the Hotel Biltmore, the pugilist said that he had extracted all the benefits that professional boxing had to offer him, and later proposed to present to Tex Rickard a belt or other suitable emblem to be awarded the next heavyweight champion, after he is selected by a series of elimination fights.

BIRCHMONT INTERNATIONAL GOLF MEET

TO BE STAGED ON BEMIDJI
COUNTRY CLUB
COURSE

LATTER IS SCENE OF RECENT
STATE AMATEUR
TOURNAMENT

Open to all amateur golfers in the United States and Canada and arranged especially for Birchmont beach hotel guests and golfers of the Northwest, the Birchmont-International golf tournament will be staged on the Bemidji Country club course, scene of the recent state amateur tournament won by Rudy Juran of Golden Valley club, Minneapolis, on August 17, 18 and 19.

Attracting an entry list of 90 last year when the tournament was staged during the latter part of July, the event this year is expected to prove even more popular on account of the interest shown in the Bemidji course during the recent state tournament and an entry list of at least 150 is expected.

In addition to the men's tournament, there will be a women's tournament this year and this added attraction is expected to greatly increase the entry list.

Flights will be arranged for entries in each tournament according to their qualification scores. Sixteen will comprise the championship flight, and eight each of the other flights. The beaten eight in the championship flight and the beaten fours in the other flights will engage in consolation.

Prizes are offered for championship, runner-up, medalist, winner of each flight and runner-up and also for the winners of the consolation flights.

Qualifying rounds of 18 holes will be played Friday, August 17, the men teeing off, starting at 8 a. m. and the women at 12 noon. The course will be open to practice rounds at the conclusion of the qualification.

First rounds for the lower flights will be started Saturday morning at 8 o'clock, first rounds for championship and first flight at 9 a. m., first round of women's flights at 10 a. m., first rounds of second and third men's flights at 11 a. m., second rounds of fourth, fifth and sixth flights and beaten fours at 12 noon, second round of championship, first flight and first round of championship consolation and beaten fours first flight at 1 p. m., second round of women's flights and beaten fours at 2 p. m. and second round of second and third flights and beaten fours at 3 p. m.

Sunday the program calls for finals in the fourth, fifth and sixth flights and beaten fours at 8 a. m., finals in the first, second and third flights and beaten fours at 8:30 a. m., semi-finals of championship and consolation at 9 a. m.; finals of all women's flights at 9:30 a. m. and finals of the championship flight and consolation at 2 p. m.

All rounds will be 18 holes including qualifying round of medal play. Play in all flights will be match play. Entry fees have been set at \$5.00 for men and \$3.00 for women. Entries will be received right up to start of the tournament qualification.

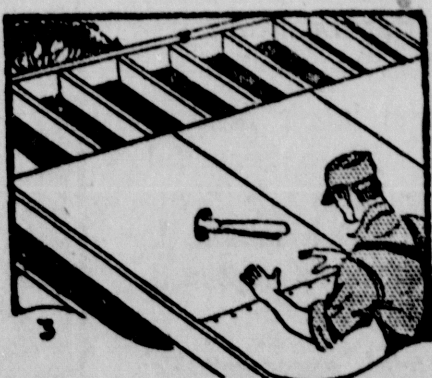

Invitations have been sent to all clubs in the northwest and the adjoining section of Canada and early response is anticipated.

Rescoe Fawcett of Breezy Point, member of the Interlachen club of Minneapolis, who was medalist in the recent state amateur tournament, won the Birchmont-International last year, defeating Jimmy Barrett of Devils Lake, N. D., three and two in the finals. Two years ago the title was won by Harry Legg of Minneapolis who defeated S. S. Wilson of Bemidji in the finals.

The Bemidji tournament committee is arranging a number of entertainment events for the visitors, while the ladies division of the Bemidji club will arrange several social events for the ladies who come here for the annual event.

AMERICAN FLAG RUN UP AT AMSTERDAM

SIGN OF VICTORY FOR FIRST
TIME IN 2 DAYS AT OLYMPIC
GAMES

ELIZABETH ROBINSON WINS THE
GIRLS' 100-METERS
DASH

Amsterdam Stadium, July 31.—(UP)—The American flag was run up at the Olympic games today in sign of victory for the first time in two days, when Miss Elizabeth Robinson, of the Illinois women's A. C. won the girls' 100-meters dash in 12.4 seconds.

A few minutes later Eddie Hamm, of Georgia Tech, had established a new Olympic record of 25 feet, 4.329 inches to win the running broad jump and in the third day's games at the sixth Olympiad the United States shared honors in the four finals with the rest of the world.

Douglas Lowe, British veteran, retained his Olympic championship in the 800-meters by winning the final in 1 minute 51.8 seconds—an Olympic record, supplanting that set by Ted Meredith in 1912 of 1:51.9.

The fourth final was taken by a Polish girl—Miss Konopacka, who threw the discus in the women's games 129 feet 11.84 inches.

The United States scored 16 points in the men's games, against 10 for Great Britain, 9 for Germany, 5 each for Sweden and Haiti, three for Canada, and one each for France and Holland. It was the first point Holland, the host at the games, had scored.

The United States led also in points in the two girls' finals, with 15 against 10 for Holland, 9 for Canada, 5 for Germany, 4 for Sweden, and 1 for Australia.

One world record fell during the day—when Weightman Smith of South Africa won his semi-final heat in the 110-meters hurdles in 14.6 seconds.

The sensation of the day was the women's 100-meters, in which two girls, Miss Steinberg of Germany and Miss Cook of Canada, were disqualified for making false starts. John Taylor, of Chicago, the starter, was criticized so bitterly for the disqualifications that he resigned from the Olympic staff.

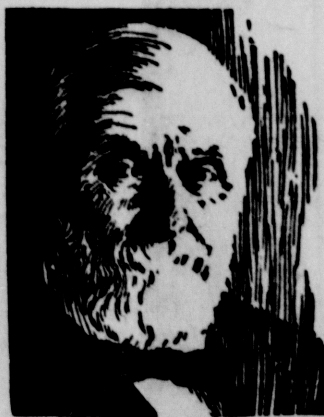

Charlie Borah, Los Angeles star, was eliminated by a yard in his semi-final heat in the 200 meters.

L. L. DRILL NEW U. S. ATTORNEY FOR MINNESOTA DISTRICT

St. Paul, July 31.—(UP)—L. L. Drill, St. Paul attorney, was sworn in today here as the new United States attorney for the Minnesota district.

Drill succeeds Lafayette French, Jr., who resigned to resume his private law practice at Austin, Minn.

The new U. S. attorney said no changes were contemplated now in the personnel of the district attorney's office.

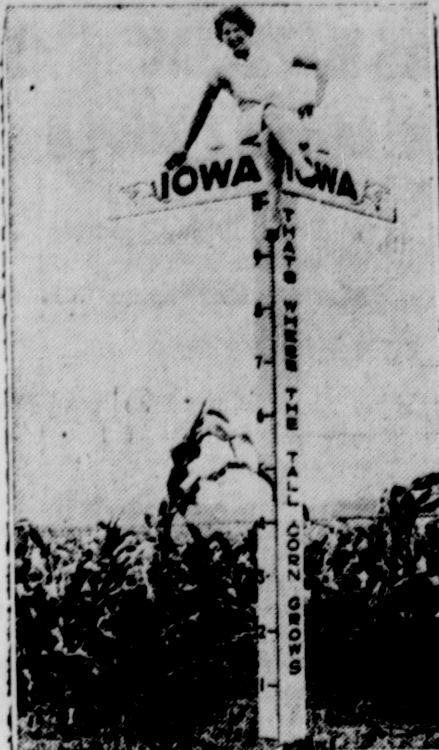

DR. W. B. CALDWELL
AT THE AGE OF 93

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity."

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach. All children love its pleasant taste.

Pile Sufferers

You can only get quick, safe and lasting relief by removing the cause—congestion of blood in the lower bowel. Nothing but an internal remedy can do this—that's why cutting and salves fail. Dr. Leonard's Hem-Roid, a harmless tablet, is guaranteed to banish any form of Pile misery or money back. H. P. Dunn, Johnson's Pharmacy and druggists everywhere sell it with this guarantee.—Advt.

Mrs. Burton Advises Women on Motherhood and Companionship

"For several years I was denied the blessing of motherhood," writes Mrs. Margaret Burton of Kansas City. "I was terribly nervous and subject to periods of terrible suffering and melancholia. GOVERNOR AL SMITH WINDS UP VACATION

Hampton Bays, L. I., July 31.—(UP)—Governor Alfred E. Smith was winding up his vacation today preparatory to the opening of his democratic campaign for the presidency.

Swimming and golf will keep him busy until tomorrow when he will start back to New York for conferences with party leaders before returning to Albany to complete his notification speech.

Although Smith declines to discuss politics while on his vacation, his friends say he is waiting to see what kind of ammunition the opposition has before opening his counter barrage. He is sizing up the attacks made on his legislative record by William Allen White of Kansas and may reply to them upon his return to New York.

TUNNEY TO RETIRE FROM PRIZE RING

ANNOUNCES HE HAS FOUGHT
LAST FIGHT ON LAST
THURSDAY

WITH REGRET THAT HE SAYS HE
WILL PERMANENTLY
RETIRE

By GEORGE KIRKSEY
(United Press Staff Correspondent)

New York, July 31.—Gene Tunney announced today that he had decided to retire from the prize ring.

The heavyweight champion said at a luncheon which he gave to Tex Rickard, promoter, William Muldoon of the state athletic commission, and correspondents who covered his training camp at Speculator, N. Y., that he fought his last fight last Thursday night when he scored a technical knockout over Tom Henney.

Tunney's retirement has been rumored ever since the Heeny fight. It waited until the champion's official confirmation. That was withheld pending disposition of Tunney's contract with Rickard which required that he fight again this year.

"I have fought my last bout as a professional boxer," Tunney said.

"It naturally is with certain regret that I announce my permanent retirement from the boxing ring.

"No man realizes more than I do my debt to the game. It has treated me well. To it I owe such fame and fortune as I possess and it has given me something less ephemeral than fame—many real and warm friendships which I hope and expect to keep through all the years to come.

"I shall always take a live and active interest in boxing. There is no finer physical exercise or more engrossing science. It is a game which, properly conducted, teaches and develops such qualities as stamina, confidence, patience, self-denial, bodily fitness, mental alertness and courage.

"The time has come when professional boxing can offer me nothing further than I desire. I am putting it behind me, grateful for the benefits conferred, but with the feeling that I am still young enough to make a new start in other fields.

"There is no contender at the present time to appear capable of attracting real public interest. If there was, I might delay my retirement long enough to face him in the ring. But it looks as if it might be two or three years before a dangerous opponent is developed. That is too long to stand and wait.

"I have no thought of trying to nominate my successor. To the victor belong the spoils. I merely step aside and say: 'May the best man win.'"

New York, July 31.—Gene Tunney vacated the world heavyweight championship today and turned it over to Tex Rickard to be contested for by the leading boxers of the day.

In announcing his retirement at a luncheon he gave in the Hotel Biltmore, the pugilist said that he had extracted all the benefits that professional boxing had to offer him, and later proposed to present to Tex Rickard a belt or other suitable emblem to be awarded the next heavyweight champion, after he is selected by a series of elimination fights.

BIRCHMONT INTERNATIONAL GOLF MEET

TO BE STAGED ON BEMIDJI
COUNTRY CLUB
COURSE

LATTER IS SCENE OF RECENT
STATE AMATEUR
TOURNAMENT

Open to all amateur golfers in the United States and Canada and arranged especially for Birchmont Beach hotel guests and golfers of the Northwest, the Birchmont-International golf tournament will be staged on the Bemidji Country club course, scene of the recent state amateur tournament won by Rudy Juran of Golden Valley club, Minneapolis, on August 17, 18 and 19.

Attracting an entry list of 90 last year when the tournament was staged during the latter part of July, the event this year is expected to prove even more popular on account of the interest shown in the Bemidji course during the recent state tournament and an entry list of at least 150 is expected.

In addition to the men's tournament, there will be a women's tournament this year and this added attraction is expected to greatly increase the entry list.

Flights will be arranged for entries in each tournament according to their qualification scores. Sixteen will comprise the championship flight, and eight each of the other flights. The beaten eight in the championship flight and the beaten four in the other flights will engage in consolation flights.

Prizes are offered for championship, runner-up, medalist, winner of each flight and runner-up and also for the winners of the consolation flights.

Qualifying rounds of 18 holes will be played Friday, August 17, the men teeing off, starting at 8 a. m. and the women at 12 noon. The course will be open to practice rounds at the conclusion of the qualification.

First rounds for the lower flights will be started Saturday morning at 8 o'clock, first rounds for championship and first flight at 9 a. m., first round of women's flights at 10 a. m., first rounds of second and third men's flights at 11 a. m., second rounds of fourth, fifth and sixth flights and beaten fours at 12 noon, second round of championship, first flight and first round of championship consolation and beaten fours first flight at 1 p. m., second round of women's flights and beaten fours at 2 p. m. and second round of second and third flights and beaten fours at 3 p. m.

Sunday the program calls for flights in the fourth, fifth and sixth flights and beaten fours at 8 a. m., finals in the first, second and third flights and beaten fours at 8:30 a. m., semi-finals of championship and consolation at 9 a. m.; finals of all women's flights at 9:30 a. m. and finals of the championship flight and consolation at 2 p. m.

All rounds will be 18 holes including qualifying round of medal play. Play in all flights will be match play. Entry fees have been set at \$5.00 for men and \$3.00 for women. Entries will be received right up to the start of the tournament qualification.

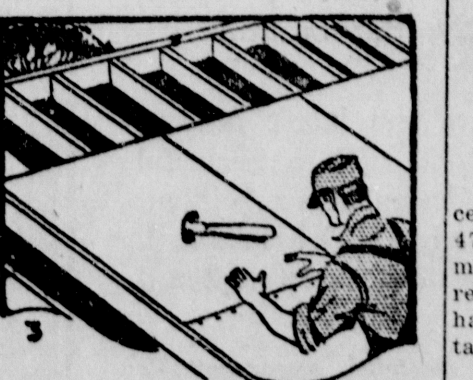

Invitations have been sent to all clubs in the northwest and the adjoining section of Canada and early response is anticipated.

Rescoe Fawcett of Breezy Point, member of the Interlachen club of Minneapolis, who was medalist in the recent state amateur tournament, won the Birchmont-International last year, defeating Jimmy Barrett of Devils Lake, N. D., three and two in the finals. Two years ago the title was won by Harry Legg of Minneapolis who defeated S. S. Wilson of Bemidji in the finals.

The Bemidji tournament committee is arranging a number of entertainment events for the visitors, while the ladies division of the Bemidji club will arrange several social events for the ladies who come here for the annual event.

AMERICAN FLAG RUN UP AT AMSTERDAM

SIGN OF VICTORY FOR FIRST
TIME IN 2 DAYS AT OLYMPIC
GAMES

ELIZABETH ROBINSON WINS THE
GIRLS' 100-METERS
DASH

Amsterdam Stadium, July 31.—(UP)—The American flag was run up at the Olympic games today in sign of victory for the first time in two days, when Miss Elizabeth Robinson, of the Illinois women's A. C. won the girls' 100-meters dash in 12.4 seconds.

A few minutes later Eddie Hamm, of Georgia Tech, had established a new Olympic record of 25 feet, 4.329 inches to win the running broad jump and in the third day's games at the sixth Olympiad the United States shared honors in the four finals with the rest of the world.

Douglas Lowe, British veteran, retained his Olympic championship in the 800-meters by winning the final in 1 minute 51.8 seconds—an Olympic record, supplanting that set by Ted Meredith in 1912 of 1:51.9.

The fourth final was taken by a Polish girl—Miss Konopacka, who threw the discus in the women's games 129 feet 11.84 inches.

The United States scored 16 points in the men's games, against 10 for Great Britain, 9 for Germany, 5 each for Sweden and Haiti, three for Canada, and one each for France and Holland. It was the first point Holland, the host at the games, had scored.

The United States led also in points in the two girls' finals, with 15 against 10 for Holland, 9 for Canada, 5 for Germany, 4 for Sweden, and 1 for Australia.

One world record fell during the day—when Weightman Smith of South Africa won his semi-final heat in the 110-meters hurdles in 14.6 seconds.

The sensation of the day was the women's 100-meters, in which two girls, Miss Steinberg of Germany and Miss Cook of Canada, were disqualified for making false starts. John Taylor, of Chicago, the starter, was criticized so bitterly for the disqualifications that he resigned from the Olympic staff.

Charlie Borah, Los Angeles star, was eliminated by a yard in his semi-final heat in the 200 meters.

L. L. DRILL NEW U. S. ATTORNEY FOR MINNESOTA DISTRICT

St. Paul, July 31.—(UP)—L. L. Drill, St. Paul attorney, was sworn in today here as the new United States attorney for the Minnesota district.

Drill succeeds Lafayette French, Jr., who resigned to resume his private law practice at Austin, Minn.

The new U. S. attorney said no changes were contemplated now in the personnel of the district attorney's office.

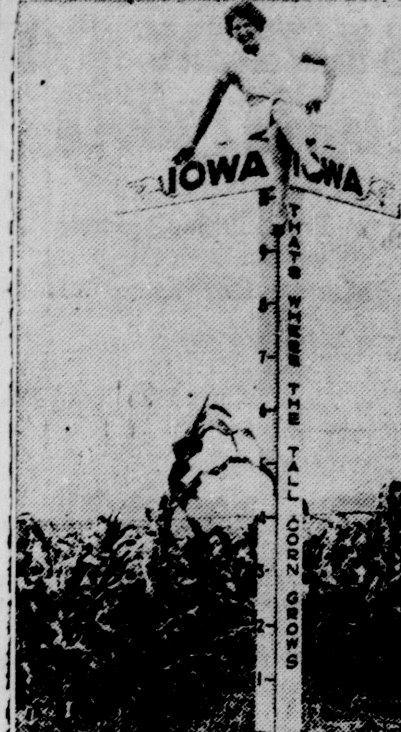

DR. W. B. CALDWELL
AT THE AGE OF 93

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity."

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach. All children love its pleasant taste.

Pile Sufferers

You can only get quick, safe and lasting relief by removing the cause—congestion of blood in the lower bowel. Nothing but an internal remedy can do this—that's why cutting and salves fail. Mrs. Burton Advises Women on Motherhood and Companionship
"For several years I was denied the blessing of motherhood," writes Mrs. Margaret Burton of Kansas City. "I was terribly nervous and subject to periods of terrible suffering and melancholia. Now I am the proud mother of a beautiful little daughter and a true companion and inspiration to my husband.
